PROFESSIONAL SUMMARY

Dubai-based Front-End Developer with 6+ years of experience delivering scalable, high-performance, and accessible web applications using React, Vue.js, JavaScript, and Adobe Experience Manager (AEM). Adept at building reusable components, integrating REST APIs, and ensuring cross-browser compatibility. Skilled in Agile development and collaborating with cross-functional teams. Currently on a dependent visa and available for immediate joining.

TECHNICAL SKILLS

- **Core Front-End:** JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, React, Vue.js, Next.js, Tailwind CSS, AEM, jQuery
- **Tools & Platforms:** Git, Azure DevOps, IntelliJ, VS Code, Figma, Firebase, Jira, GitHub Copilot
- **Testing & DevOps:** Jest, Azure Pipelines, Responsive Design, API Integration, Accessibility (WCAG 2.1, ARIA, Semantic HTML, Keyboard Navigation)
- **Programming Languages:** Java, C++

WORK EXPERIENCE

Accenture

Packaged App Development Senior Analyst | May 2022 – Feb 2025 | Bangalore, India

- Developed and maintained scalable, reusable UI components for Adobe Experience Manager (AEM)-based platforms, including high-traffic websites like the **University of Nottingham** and **M&G Investments**, ensuring modular design, performance optimization, and seamless content authoring experience.
- Ensured full WCAG 2.1 compliance using semantic HTML, ARIA roles, and keyboard accessibility.
- Executed automated test cases using Jest to validate UI functionality and stability.
- Deployed code via Azure Pipelines and collaborated with QA for smooth CI/CD processes.
- Integrated Vue.js, jQuery, SCSS, and AEM templates into enterprise projects.

- Leveraged GitHub Copilot to optimize code efficiency and productivity.
- Acted as a bridge between design, development, and AEM backend teams.

Achievements:

- Promoted from Analyst to Senior Analyst.
- Received "iChamp Award" for exceptional performance and delivery.

Infosys

Senior Systems Engineer | Feb 2020 – Apr 2022 | Bangalore, India

- Led the migration of complex legacy platforms from **Liferay** to **AEM 6.5** for **Rite Aid**, redesigning the front-end architecture using **Node.js** and **JQuery** to enable modern, component-driven development and seamless integration with AEM's content infrastructure.
- Developed reusable components, dialogs, and dynamic content renderers.
- Integrated backend APIs into UI layers for seamless user experiences.

Achievements:

- Promoted to Senior Systems Engineer.
- Consistently received performance-based incentives.

Customerxps Private Ltd

Software Engineer | Oct 2018 – Feb 2020 | Bangalore, India

- Built enterprise fraud detection and anti-money laundering modules using Java and SQL.
- Participated in requirements analysis, documentation, and cross-functional collaboration.

PERSONAL PROJECTS

Task Manager App

Live Demo: <https://namithact.github.io/task-manager/> | React | GitHub Pages

- Implemented task prioritization, dark mode, and localStorage persistence.

Expense Tracker App

Live Demo: <https://expense-tracker-cf826.web.app/> | React + Firebase + Tailwind CSS

- Developed with Hooks, Context API, lazy loading, and responsive UI.

AuthVault App

Live Demo: <https://authvault-1.web.app/> | Next.js + Firebase

- Secure login/registration system with email verification and password reset.

Developer Blog with Admin Panel

Live Demo: <https://nextjs-project-phi-coral.vercel.app/> | Next.js + NextAuth + Prisma + PostgreSQL

- Full-stack blog with Markdown support, admin-authenticated post creation/deletion, and dynamic routing.
- Gained hands-on experience with server-side rendering, API route creation, session handling, and Markdown rendering.

CERTIFICATION

Completed “React & TypeScript – The Practical Guide” – Udemy, June 2025

- Focused on building scalable React applications with strong TypeScript typing and best practices.

EDUCATION

Bachelor of Engineering (BE) in **Computer Science**

Sahyadri College of Engineering and Management, VTU | 2018 | Mangalore, India

ADDITIONAL INFORMATION

Languages: Fluent in English

Availability: Immediate

Visa Status: Dependent Visa (Dubai)

Soft Skills: Problem-Solving, Communication, Adaptability, Team Collaboration
